

## Application 適用車型

Mitsubishi Lancer Evolution '01-08 (CT9A)

## Components 內含配件

- ① Offset bushing 偏心鐵套 2PCS

## Caution 注意事項

- Installation is recommended to be performed by licensed mechanics with necessary tools to ensure proper installation and safety, or damage to the product or vehicle may occur.
- Note the routing and position of wires and cables before installation. Please refer to factory manual.
- Tighten bolts and nuts firmly using handtools, or with specified torque if mentioned.
- 安裝需由合格的專業技師及工具執行以確保安裝正確及安全，否則可能對產品或車輛造成傷害。
- 安裝前請記下線路安裝路徑及位置，或請參考原廠手冊。
- 請使用手動工具確實鎖緊螺帽及螺絲，或依照說明中標註的扭力上鎖。

## Instructions 安裝說明

1. Remove front lower control arms from the vehicle on both sides to press out the rear bushings.  
卸下兩側前下控制臂，並將後端原廠鐵套壓出。

2. Align and press the offset bushings into the control arms. Notice that the "INNER" and "OUTER" marks on the offset bushings, and the two "AXIS" marks should be parallel to the control arm front bushings.

將偏心鐵套對準後壓入控制臂，安裝時請注意鐵套上的"INNER"(內側)及"OUTER"(外側)標記，且"AXIS"記號應與控制臂前端鐵套平行。

3. Reinstall the lower control arms to vehicle.  
將前下控制臂裝回車輛。

### Note 提示

※ The offset bushing move the rear of control arms outer slightly. By pushing the ball joints forward to increase 0.5 degree caster, straight line and high speed stability will be improved.

此偏心鐵套可使控制臂後端稍微往外移，藉由將和尚頭位置前移能使後傾角增加0.5度，提升直線及高速行駛時的穩定性。

Please have the vehicle professionally aligned after installation.  
請於安裝完成後接受電腦四輪定位校正
